## A Message from Ted Rood:

"Bonds selling off badly to end the day. Look for higher rates tomorrow!"

## ALERT: Negative Reprice Risk at Highest Levels Today

There have been fleeting moments of modest negative reprice risk so far today, but we're now at the point where a few lenders are likely to be pulling the trigger. Fannie 4.0 MBS are down nearly a quarter of a point from the highs and 10yr yields are up 2bps to session highs of 3.184%.

## Responsive service, experienced expertise

I've dedicated my 22 year mortgage career to client education, superior service, and honest answers. The lending landscape has changed dramatically the past few years, and continues to do so. My job is to ensure client partners' loans close quickly, without surprises, and I take that responsibility very seriously. Referrals are a responsibility I appreciate; they're a measure of trust, and that trust must be earned every day, on every referral.
